

Muhammad Zohaib Hassan

Frontend Developer | React.js & Next.js Enthusiast

Email: zohaib6511@gmail.com | Phone: +92XXXXXXXXXX

GitHub: github.com/zohaibhassan | Portfolio: zohaib-portfolio.vercel.app

Summary

Motivated frontend developer with hands-on experience in building modern, responsive web applications using React.js, Next.js, and Supabase. Currently completed 6th semester of BSCS. Passionate about building impactful software, including a Smart Time Tracker that monitors developer productivity through screenshots and inactivity detection.

Skills

HTML5, CSS3, JavaScript, React.js, Next.js, Supabase, Tailwind CSS, Framer Motion, EmailJS, Phaser, Socket.io, Git & GitHub

Education

BS Computer Science - 6th Semester Completed

University: XYZ University, Morning Program

Duration: 2021 – 2025

Projects

Smart Time Tracker for Developers

Tracks time spent on system, captures random screenshots, and identifies inactive time. Includes a web dashboard for productivity reports.

Portfolio Website

Animated, responsive portfolio with sections for skills, projects, and contact form using EmailJS. Built using React, Next.js, and Tailwind CSS.

StickMan Multiplayer Game

2D autorun game like Chrome Dino with real-time multiplayer features, obstacle transformations, perks (cars, guns), and scoring system. Built using Phaser, React, and Socket.io.

Languages

English, Urdu

Unique Point

This project has not been made by any previous student in the university, making it unique and innovative.
